The VCI

Representation of interest for 1,700 members

VCI represents the interests of its membership regionally, nationally, in Europe and worldwide

8 regional associations

VCI

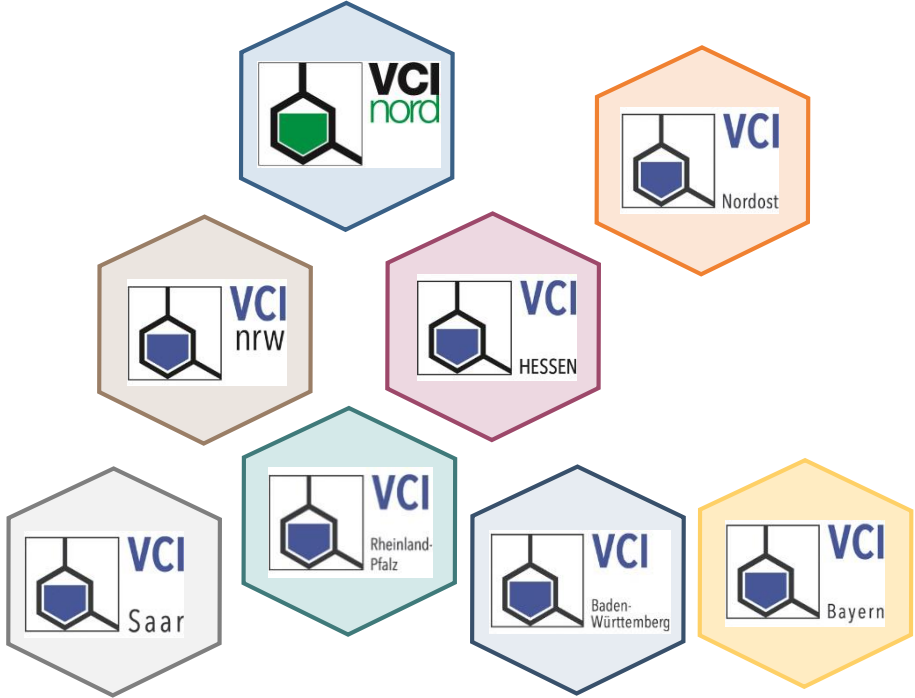

Berlin
Brussels

~400 direct members

~1,250 members in
22 sector associations

~1,700
member companies

8 VCI regional associations – present in all areas of Germany

- Federal state capital
- Regional association office

22 Sector Associations within VCI

All sectors of chemistry under one umbrella

PlasticsEurope
Der Verband der Kunststoffherzeuger

vfa. Die forschenden
Pharma-Unternehmen

Verband der deutschen
Lack- und Druckfarbenindustrie e.V.

TEGEWA

Bundesverband der
Pharmazeutischen
Industrie e.V.
BPI

Industrieverband
Klebstoffe e.V.

**DEUTSCHE
BAUCHEMIE**

Industrieverband
Agrar

Verband der
Mineralfarbenindustrie e.V.

IKW

BfT

MWV MINERALÖL
WIRTSCHAFTS
VERBAND e.V.

INDUSTRIEVERBAND
HYGIENE UND
OBERFLÄCHENSCHUTZ **IHO**

VDGH
Verband der Diagnostica-Industrie

IVG
INDUSTRIEVERBAND GIESSEREI-CHEMIE E.V.

IGV
Industriegaseverband e. V.

Industrievereinigung
Chemiefaser e. V.

BVMed
Gesundheit gestalten

Imaging and Printing Association
I & P Europe

vdd
Industrieverband Bitumen-
Dach- und Dichtungsteine e.V.

VGMS
Verband der Getreide-, Mühlen-
und Stärkewirtschaft VGMS e.V.

INDUSTRIE
GEMEINSCHAFT
AEROSOLE E.V.

The VCI's Tasks

Representing and defending politico-economic and societal interests

- Forum for opinion-forming within the industry on chemistry-specific and cross-sector issues – such as energy, taxation, research, law etc.
- Bridge to politicians, public authorities, other industries, science, media and further stakeholders
- Maintaining and improving the image of the chemical industry
- Chemical Industry Fund to promote teaching of and research in chemistry

Supporting members with services

- Exclusive services for members
- Services - as the industry expects them

Committee Structure shows the large variety of topics

VCI-Presidential Council

General Committee

16 Committees

Technology and Environment

Research, Science and Education

Logistics and Transport

Energy, climate protection, raw materials

Legal Affairs

Taxation

Sustainability

Communication

Finance

Business and Market Analysis

Business Administration

Information Management + Digitisation

Trade Policy

Independent Entrepreneurs

Political Committee Berlin

Political Committee Brussels

Sector committees, working groups, project groups

2019 Focus on six political top issues

Political work and communication 2019

Energiewende (energy transition): Cost brake and alternative funding

Innovation: Incentive structure for innovations in chemistry and pharma

Taxation: Introduction of fiscal incentives for research

Industrial Policy: Using the chances of Chemistry 4.0 for a strong location

Agriculture: Innovations for modern agriculture

EU Trade policy: For open markets and fair competition
