Available CO Templates

essCert already incorporates **standard CO templates** as follows:

- Certificate of Origin
- EC Certificate of Origin
- Arab Certificate of Origin
- EUR1 Movement Certificate
- AT.R Movement Certificate
- Free Trade Agreements
- & **much more, see full list online**

Note: Additional templates can be added in a few working days

Online Verification

- Is your Chamber accredited by the International Chamber of Commerce? We interface with the ICC online verification system (ICC WCF CO Verification Chain)

- Full text verification for all chambers – via essCert's own verification site: certificateoforigin.com

Benefits for Exporters

Significantly **reduce** document certification time, **from days/hrs to just minutes**

Receive **real-time notifications** regarding certificate acceptance or rejection

Eliminate courier / mail **costs**

Industry standard, designed to work for all types of electronic submissions

Significantly **reduce data re-entry submission errors and incorrect declarations**

Significantly **reduce risk of liability & fraud** via eCertification
